

BULBUL SAINI

Full Stack Developer | Java, JavaScript, React.js, Node.js, MySQL

Email: since2003bulbul@gmail.com | Mobile: 8112218432 | Ajmer, Rajasthan, India

PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering graduate with hands-on experience in software development and web technologies. Proficient in Java, JavaScript, React.js, Node.js, MySQL, HTML, and CSS, with strong problem-solving and programming skills. Currently gaining industry experience as an Intern at DEE Piping Systems.

TECHNICAL SKILLS

- Programming Languages: Java, JavaScript, Python, C, SQL
- Frontend Development: HTML5, CSS3, React.js, Responsive Web Design
- Backend Development: Node.js, Object-Oriented Programming (OOP), Multi-threaded Programming
- Database Management: MySQL, Database Design, Data Handling
- Tools & Version Control: Git, GitHub

WORK EXPERIENCE

Software & Full Stack Developer Intern | DEE Piping Systems 06/2026 - Present

- Working as a Full Stack Developer on live projects, applying Java, JavaScript, and web development skills in a professional engineering team.
- Contributing across the stack — frontend interfaces and backend/database logic — as part of a structured 6-month internship program.

Java Development Intern | Birla Institute of Scientific Research, Jaipur 05/2024 - 07/2024

- Completed Summer Internship working on Core Java Development at a basic level.
- Performed random testing of a live institute website and identified functional bugs.
- Strengthened fundamentals in OOP concepts — inheritance, polymorphism, and encapsulation.

Women Internship Program — Intern | Rajasthan Urban Infrastructure Development Project (PIU, Abu Road) 06/2025 - 08/2025

- Selected for the Women Internship Program under the Gender Action Plan, funded by the Asian Development Bank.
- Exposed to multiple processes of an urban infrastructure development project, including SCADA-based monitoring of water and sewer systems.
- Completed the internship with a Grade A, recognised for diligence and initiative.

Summer Internship Program — Participant | Women Engineering College, Ajmer 07/2023

- Completed a college-run summer internship program in the first year of B.Tech, Computer Science & Engineering.

PROJECTS

Authentication System

- Built a full stack authentication system using TypeScript for both the frontend and backend, with SQL for secure credential storage.
- Implemented user registration, login authentication, secure database integration, and a clean, responsive interface.

Amazon Clone

- Built a responsive e-commerce user interface inspired by the Amazon homepage using HTML5 and CSS3.
- Applied Flexbox and CSS Grid layout techniques to ensure responsiveness across screen sizes.

Movie Ticket Booking System

- Developed a Java-based console application to simulate a cinema booking system.
- Implemented movie listings, showtime scheduling, and seat availability tracking using Object-Oriented Programming (OOP) principles for a scalable design.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science Engineering | Women Engineering College, Ajmer 2022 - 2026

- CGPA: 8.02

Class XII, RBSE (Physics, Chemistry, Mathematics) | Aryan International Academy 2021

- Percentage: 92.2%

CERTIFICATIONS

- LinkedIn Learning Certifications
- Coursera Certifications
